BOIX Operator – Plano Case Erector

We are looking for a technical operator who enjoys responsibility and working with modern machines.

Who are we?

We are TrofiPack, a modern packaging company specialized in exotic fruit. Since 2020 we have been located in Den Hoorn. Due to continuous growth we are expanding to 32,000 m^2 and investing heavily in modern automated packaging machines. We are an international team with mainly Dutch and Polish colleagues and employees from various other countries.

What will you do?

• Set up and operate the BOIX case erecting machine

• Change formats and adjust settings

• Monitor product quality and dimensions

• Solve small technical issues and perform first-line maintenance

• Work according to IFS and HACCP standards

What do we ask?

• Experience as an operator is a plus

• Technical insight and problem-solving skills

• Experience in production or packaging is an advantage

• Dutch and/or English language skills

What do we offer?

• Full-time job (38 hours per week)

• Salary according to Fruit & Vegetable sector collective agreement

• International working environment
